

Milwaukee-based Fiveable Announces Paid Fellowship Program for Recent Grads Interested in Living & Working in Startup Environment

Open Positions Include Social Media, UX/UI, and Software Development; Deadline to Apply is July 11, 2020

MILWAUKEE, WI – July 6, 2020 -- On the heels of closing a \$1.2M funding round, [Fiveable](#), a social learning platform dedicated to making test prep resources and support accessible to all students, is seeking four enthusiastic, passionate, and creative recent grads to join their 9-month fellowship program. Chosen candidates will secure the unique opportunity of living, working, and learning within an early-stage startup environment alongside Fiveable's founding team.

The Fiveable fellowship program, which runs from August 1, 2020 to May 31, 2021, is perfect for individuals who recently completed a degree or training program, are passionate about education, and interested in developing new skills in a fast-paced, highly creative environment. In addition to the benefit of new professional development and networking opportunities, fellowship participants will be provided with accommodation (rent, utilities, groceries), a generous monthly stipend, as well as end-of-semester bonuses. Fellows also have the opportunity of being hired as full-time employees during or after the program based on their performance.

The company is recruiting fellows for the following roles: Social Media, UX/UI & Design, and Software Development (2). Individuals who are interested in learning more about each position or submitting an application can find more details here: fiveable.me/2020-fellowship. The deadline to submit is Sunday, July 11, 2020.

ABOUT FIVEABLE

[Fiveable](#) is a social learning platform dedicated to making test prep resources and support accessible to all students. On a mission to democratize learning by providing students with free, engaging, and educational content, Fiveable helps students master complex concepts and skills through interactive live streamed lessons and discussions, fun review games, and study guides. Fiveable was founded in 2018 by educator, activist and entrepreneur Amanda DoAmaral and has since raised nearly \$1M in Seed funding led by Cream City Ventures. The company provides Advanced Placement (AP) test prep support to more than 1.3M students, helping them achieve a 92% pass rate on the AP exam.
