

PRESS RELEASE

Mueller's Mini Mart in Egg Harbor Successfully Closed

Egg Harbor, Wisconsin, November 16, 2020, Creative Business Services/CBS-Global is pleased to announce the success sale of Muller's Mini Mart in Egg Harbor, Wisconsin.

The service station was Mueller Bros. Standard, which was started by Bob and Herb Mueller in 1968. Bob and Mary Mueller purchased the gas station from Herb in 2001 and was changed to Mueller's Mini Mart and has been an icon in the Village all these years. Prior to the Mueller's ownership, the service station was the original stone building and was built in 1923 by Herman Birnschein. The stone building will remain intact say the Buyers; developers operating under the name "The Residences of Egg Harbor LLC". The new owners plan to build 14 luxury condominium residential units along with 2 retail spaces, which will be on the street level next to the existing stone building. Construction is scheduled to commence in the spring of 2021 and be completed by the following winter in 2022.

Bob and Mary Mueller operated the convenience store for many, many years and unfortunately Bob suffered a fall last winter that he never recovered from. Bob and Mary were looking forward to enjoying their retirement together after the sale. As a result, Mary and her son, Bob Jr., have been strong during this last year of operation and operated the convenience store successfully right up to the last day. Mary and Bob Jr. are very thankful for all the loyal customers over the last several decades and are looking forward to moving on with the next phase of their lives.
