FRONTIER TITLE AND CLOSING SERVICES EXPANDS TO RACINE, WI, IN RESPONSE TO BOOMING REAL ESTATE ACTIVITY IN RACINE-KENOSHA MARKET

RACINE, WI -- Frontier Title & Closing Services has opened its fourth office in Racine, WI. This move is in response to an upsurge in real estate activity in the Racine-Kenosha area, especially in the new-construction residential market.

"This area is staged for some pretty aggressive growth over the next few years," said Frontier President and Owner Trey Dittmann. "And that's exactly why we came down here." With the expansion into Racine, Frontier's team of experts now provides services to residential and commercial developers, builders, real estate professionals, attorneys, and lenders covering all southeast Wisconsin counties.

Expanding Frontier's reach to the Racine and Kenosha not only grows Frontier's business, but contributes to the growth of others in the real estate sector as they seek more titling, closing, and other services to keep up with demand. Low interest rates combined with low residential inventory has meant Frontier is busier than they've been in years, said Dittmann. People are realizing that "now is the time to move or refinance," he said.

Dittmann said the Racine-Kenosha area is seeing particularly high activity due to the completion of the I-94 north-south freeway project; new feeder highways being added; and employers such as Foxconn, Amazon, and Uline along with the industries and jobs they support. "We feel that our title company is well placed in a market like this. And we're really looking forward to growing with the community down here."

Dittmann sees the trend continuing well into 2021, so expansion into the market made sense for Frontier. "We've actually had clients tell us they need us down here, so we were happy to oblige."

At Frontier, everyone recognizes their role and responsibility in helping customers get to the closing table successfully. Though there are many national title companies to choose from, customers have been flocking to Frontier thanks to their dedicated, local team of experts who are able to respond quickly to client needs. "We firmly believe that if you give us the opportunity to help you, you're going to be hard pressed to go somewhere else," said Dittmann.

Frontier Title & Closing Services is locally owned and operated and headquartered in Hartland, WI. Its experience and focus have been in southeast Wisconsin, with additional offices in Johnson Creek and downtown Milwaukee.
