Independent Business Association of Wisconsin (IBAW) presents “Cyber Security for Small Business”

Milwaukee, Wis. – November 10, 2021 – The Independent Business Association of Wisconsin (IBAW) hosts CT Access and Fearing Audio, Video & Security presenting “Cyber Security for Small Business.” The program will be held on November 19, 2021, 7:00 a.m. – 9:00 a.m. at the Wisconsin Club, 900 W Wisconsin Avenue, Milwaukee, Wis. A plated breakfast will be served.

Steve Kohlmann, executive director of IBAW, said, “It’s not a matter of will it happen but when it will happen. Cyber threats are on the rise, not just from foreign actors but from within our own borders and maybe even within your own company. How do you even begin to work on such a daunting task? What steps can small business take to secure their computer network and their core business?”

This month’s presenters are from CT Access and Fearing Audio, Video & Security on the subjects of IT Hygiene, End Point Protection, and how to handle remote workers and their exposure to your network.

IBAW members will meet for an in-person meeting at the Wisconsin Club. Note that advance registration is required. Seating will be limited at this event. Walk-ins cannot be accommodated.

Since 1973, the Independent Business Association of Wisconsin (IBAW) was formed for small business owners to engage in conversation relating to legislation impacting the bottom-line costs of businesses throughout Wisconsin. IBAW is a venue for high-level CEOs, CFOs, COOs, other upper management, and entrepreneurs to network, exchange business ideas, and become educated and involved on issues that impact their business. IBAW is time well spent!

For additional information, contact Steve Kohlmann, IBAW executive director, via email at [IBAWOffice@gmail.com](mailto:IBAWOffice@gmail.com) To register, go to [www.IBAW.com](http://www.IBAW.com)
