### Super Steel LLC Appoints Stephan Achs as New CEO

**Mequon, WI | February 8, 2022**, Super Steel LLC announced today that Stephan Achs has been appointed the new CEO of the company. Paul Luber will continue as Chairman of the Board and Jason Gaare will continue as President and CFO.

Achs has more than 30 years of senior management experience, including global leadership, strategy, business, and organizational development. In addition, Achs has also been driving P&L and operational performance improvements for international Tier 1 and North American manufacturing companies. Achs brings extensive experience in building high-performance teams as well as an innate ability to quickly understand market demands to align company capabilities with current and target markets.

“I am thrilled to have Stephan lead the company into the next century of growth,” said Paul Luber. “He joins us at an exciting time with our recent move into our expanded Mequon, WI manufacturing facility.”

“We couldn’t be more enthused for Stephan to join Super Steel. We are excited to leverage his experience and leadership to grow our business as he has done in all his previous roles,” said Jason Gaare. “The addition of Stephan is one of many changes we have made in the last 18 months to position Super Steel for decades of growth. Our new building, additional product lines, and added human capital have created a foundation to build upon. Stephan’s unwavering focus on our employees and customers will accelerate our ability to satisfy customers’ demands and grow our business.”

Achs received a B.S. in Business and Industrial Design from Northern Illinois University in 1982 and an MBA in Business, Management, Marketing, and Related Support Services from Northwestern University – Kellogg School of Business in 1999.
