Brookfield, Wis. – The Offsite Collaboration Center, an event space and business collaboration center with locations in Brookfield and Neenah, Wis., has been named a finalist for a national honor.

Competing in the 2022 BizX Awards, [The Offsite Collaboration Center](#) made the cut as a final contender for Favorite Neighborhood Business, which recognizes “the company’s impact on everyday lives in their community.” Competing award nominees came from across the U.S. and globally.

The [BizX Awards](#), sponsored by [ActionCOACH](#), honor achievements of small- and medium-size businesses in a broad spectrum of industries and markets from across the world. The 2022 winners will be announced at the [BizX Conference](#), April 3-5 in Las Vegas, which will feature a powerful series of [speakers](#) and [workshops](#) to provide attendees actionable solutions on business and leadership issues.

“I’m thrilled and honored to be a finalist for this prestigious award, and offer heartfelt thanks to everyone who has supported both locations of [The Offsite Collaboration Center](#),” said Todd Ruedt, owner of the OCC. “I opened these centers with a vision of bringing businesses together and strengthening local communities, and offering spaces where people could gather for family and social events that create lasting memories.”

[The Offsite Collaboration Center](#) operates differently than most other meeting and event spaces. Rentals include tables, chairs, linens and A/V services. Customers can bring in their own food, beverages and decorations. No vendor list limits whom can be hired for catering or decor. Customers pay only for use of the space, unlike other venues where small fees add up to big bills.

The Neenah location of the OCC offers 10,000 square feet of usable space. The Brookfield location, relocated in 2021, offers 6,000 square feet and direct connection to a four-star hotel.

[ActionCOACH of Fox Cities](#) operates in the Neenah OCC. [ActionCOACH of Brookfield](#) is housed in the Brookfield OCC. Both offer [business coaching services](#) that take operations from *good* to *great*.
