## NEW RESOURCES CONSULTING NAMED A 2023 BEST AND BRIGHTEST COMPANY TO WORK FOR® IN THE NATION

**MILWAUKEE, WI (July 18, 2023)**—New Resources Consulting (“NRC”) is proud to announce it has been recognized for its dedication to creating an outstanding work environment. Building upon NRC’s previous regional award, Wisconsin’s largest locally owned IT consulting firm has been honored by being named one of the Best and Brightest Companies to Work For® in the nation.

This recognition serves as a testament to the unwavering commitment and hard work of NRC’s incredible team. NRC would like to express its heartfelt appreciation to each and every employee and consultant who has played a significant role in making the company what it is today.

Furthermore, NRC extends gratitude to the organizers and judges of the Best and Brightest Companies® program for recognizing NRC’s ongoing efforts to cultivate a workplace that fosters excellence, innovation, and employee satisfaction. This achievement reflects NRC’s continuous dedication to creating an environment where team members can thrive and reach their fullest potential.

“For NRC, this honor is not just a destination but a stepping stone on our journey toward excellence. It serves as a reminder that we must continue to raise the bar and commit to creating a workplace that is not only the best in the nation but a source of inspiration for others. Our ongoing mission is to provide an inclusive, collaborative, and rewarding work environment that enables every employee to excel and flourish,” said NRC President & CEO Mark Grosskopf.

NRC would once again like to express gratitude to all those who have played a part in this significant achievement as the company continues to push the boundaries of excellence and shape the future of the industry.

## ABOUT NEW RESOURCES CONSULTING

It is the singular goal of New Resources Consulting to improve industry standards and client satisfaction through the strategic implementation of technology. We don’t believe that living in the technological age means living by cold and reductive templates or formulas. We get to know the people behind our business partners and then tailor technological resources to their needs. With every exchange, we strive to put the “person” back in “personalization,” all while providing the best, most comprehensive, cutting-edge technology that provides our partners with unlimited opportunity.
