## **Fisher Barton Demonstrates Commitment to Community with Year-End Donations to Local Food Pantries**

Watertown, WI - March 5, 2024 – Fisher Barton, a leading high-wear component manufacturing partner announces its recent charitable donations to support local communities. In line with its core values of Customer Excellence, Culture of Fairness, and Community Involvement, Fisher Barton team members rallied together to raise funds for food pantries in various locations.

The company's dedication to its 3C's is exemplified through its year-end donations to the following food pantries:

- Waukesha County Food Pantry: \$1,020.00
- Watertown Food Pantry: \$6,365.00
- Sun Prairie Food Pantry: \$2,110.00
- Helping Hands Pantry in Machesney Park, IL: \$680.00

These funds were raised through team member contributions, supplemented by a company match. Additionally, each Fisher Barton facility collected food items to accompany the monetary donations, further supporting the communities where Fisher Barton operates.

"At Fisher Barton, our 3C's are more than just words on a wall; they are integral to who we are as a company," said Scott Hoffman, CEO of Fisher Barton. "Our employees live these values both inside and outside of the workplace, and these donations reflect our ongoing commitment to making a positive impact in the communities we serve."

The core values at Fisher Barton guide not only its business practices but also its community engagement efforts. Through initiatives like these, Fisher Barton demonstrates its dedication to serving its customers, employees, and the communities where it operates.

## **About Fisher Barton**

Fisher Barton is a premier manufacturing innovation partner renowned for high-wear components. Our expertise is deeply rooted in the skills of our world-class talent, who are not only masters in material behavior but also develop and apply proprietary heat treating and thermal spray solutions. This transformative approach extends the lifespan of components well beyond our core manufacturing capabilities of stamping, bending, forming, cutting, welding, machining, and casting. Fisher Barton sets itself apart with a rich history of over 50+ years of manufacturing technology. Our commitment to excellence is evident in our nine locations across Wisconsin, Illinois, and Vietnam. where we continually innovate wear solutions for a variety of industries from cutting components in the turf, agriculture, recycling, and pulp and paper industries, to bronze gears, pumps, wear parts, close tolerance components, thermal barriers, and antimicrobial solutions serving the energy, food processing, transportation, and medical markets.
