MILWAUKEE – On Friday, October 4, volunteers from Direct Supply joined together from 8:00 am-4:00 pm to make critical home repairs and safety modifications on one home in the Havenwoods neighborhood as part of Revitalize Milwaukee’s annual Havenwoods Block Build.

Direct Supply®, a leader in integrated healthcare technologies and equipment, has been headquartered in the Havenwoods area since 1985. They have been a sponsor of Revitalize Milwaukee’s Havenwoods Block Build for the past 10+ years. Mandy Clarke, Community Involvement Operations Manager, explained that Direct Supply intentionally partnered with Revitalize Milwaukee to support their shared community in the Havenwoods neighborhood. “We’re committed to being a good partner here,” Mandy said. “Our goal is to help seniors stay safely in their homes.”

Havenwoods Block Build is a favorite of Direct Supply volunteers. As one volunteer stated, “We have lots of serial volunteers with a deep sense of altruism. They don’t expect anything in return, other than to see a smile on the homeowner’s face.”

Through community collaboration and dedicated support, Revitalize Milwaukee strives to enhance the living conditions, foster independence, and promote dignity for homeowners, building stronger communities, one home at a time.

Companies interested in making an impact in the greater Milwaukee area are encouraged to contact Francine at [francine@rtmilwaukee.org](mailto:francine@rtmilwaukee.org).

Revitalize Milwaukee’s mission is to stabilize neighborhoods by providing free critical home repairs to low-income seniors, veterans, and individuals living with a disability who are homeowners. Since 2000, RM has completed home repairs on nearly 4,000 homes with the help of over 34,000 hours of volunteer time and invested over 27.2 million dollars into the Greater Milwaukee-area housing. Join us in changing

the lives of countless low-income seniors, veterans, and individuals living with a disability who are homeowners. For more information or to get involved, contact CEO Melanie Roach at 262-424-3469 or visit [www.freehomerepairs.org](http://www.freehomerepairs.org).
