## McShane to Build 72-unit Assisted Living and Memory Care Residence in Mukwonago, Wisconsin

**Project Highlights:**

- Assisted living and memory care
- 72 units
- Three buildings
- One story
- December 2025 completion

*Azura Mukwonago will integrate 72 assisted living and memory care units across three single-story buildings.*

**Mukwonago, Wisconsin** – [McShane Construction Company](#)'s Wisconsin regional team was selected to build Azura Mukwonago, a three-building, 72-unit assisted living and memory care residence in Mukwonago, Wisconsin, for [Azura Living](#).

“We are proud to partner with Azura Living to bring high-quality assisted living and memory care to Mukwonago,” commented Alison Gorham, Vice President and Director of Wisconsin Operations at McShane. “Azura’s model offers a neighborhood-like atmosphere that is unique compared to traditional senior living residences, and we look forward to bringing their vision to life.”

Positioned on a 6.4-acre site, the property will feature two assisted living buildings and one memory care building. The single-story wood frame buildings’ exteriors will integrate full stone veneer masonry and Hardie board. There will also be a barn on the site.

Units will offer resilient flooring, ceramic tile bathrooms, quartz countertops, SMART cabinets, and roller shades.

In addition to dining rooms, kitchens, community rooms, and sunrooms, residents will have access to a fitness area, spa, and salon. Outside, residents will be able to enjoy a community garden, walking paths, putting greens, bocce ball courts, and extensive courtyard amenities.

Construction of Azura Mukwonago is scheduled to be completed in December 2025. [EUA](#) is the architect.
