

MILWAUKEE BUSINESS FEATURED ON ‘HOARDERS’ Milestone Plumbing becomes part of the solution in latest episode

Milwaukee, Wis. (Nov. 7, 2024) — Milestone Plumbing joins a team of contractors, consultants, and friends trying to help a Milwaukee woman reclaim her home in the latest episode of “Hoarders,” airing Monday, Nov. 11, on A&E.

“Hoarders” is an Emmy-nominated and Critics Choice Television Award-winning series that tackles some of the most extreme and challenging hoarding situations. Each episode focuses on someone struggling with hoarding tendencies as they work with experts, friends, and family in a race against the clock to help them clean up their homes and reclaim balance in their lives. The show is now in its 16th season.

Milestone was summoned to help with a variety of plumbing issues. The extensive work included clearing a clogged toilet; repairing a leaky, slow-draining kitchen sink; and replacing a water heater. The Milestone team also flagged a safety issue with the heater’s venting system.

“We’re happy we could contribute in our area of expertise,” said Milestone Founder Jessie Cannizzaro. “Helping residents and families live in safe, healthy, and functioning homes is one of our most important jobs – this is something our team believes in and one of the many ways we support our community.”
